

# THE BASIC WORKSHOP OF MSK ULTRASOUND

The purpose of the workshop is to introduce participants with the fundamentals of MSK US anatomy, to teach a standardized US assessment of main joints (shoulder, elbow, wrist, knee, ankle, and foot), and to discuss the diagnostic benefits in common pathologies. After finishing the workshop, practitioners will be able to apply the acquired knowledge and skills in daily practice and will learn to implement the benefits of US diagnostics

- Organizer:** Baltic Ultrasound School and DJO Nordic
- Time:** 17. – 18. October 2020
- Place:** Sokos Hotel Flamingo, Vantaa, Finland
- Teacher:** Saulius Rutkauskas (radiologist, Phd)
- Tutor:** Seppo Appelqvist (physiotherapist)
- Time:** 09.00 - 17.30
- Price:** 350 € (early bird), 18.9 after 400 € (inc.VAT)
- Language:** English
- Information and registration:** Seppo Appelqvist +358400 918 074  
seppo.appelqvist@gmail.com

**Day 1:**  
Basics of diagnostic MSK ultrasound  
Shoulder ultrasound anatomy  
Shoulder ultrasound pathology  
Shoulder ultrasound  
Elbow and wrist ultrasound anatomy  
Elbow and wrist ultrasound pathology  
Elbow and wrist ultrasound

**Day 2:**  
Knee ultrasound anatomy  
Knee ultrasound pathology  
Knee ultrasound  
Ankle and foot ultrasound anatomy  
Ankle and foot ultrasound pathology  
Ankle and foot ultrasound
